

INDIAN INSTITUTE OF PUBLIC HEALTH - DELHI

Admission and Selection for Master of Public Health (MPH 2019-2021) at IIPH-Delhi

Applicants would be screened based on eligibility criteria. The selection of candidates will be based on a test (applicable for all Indian nationals) followed by an interview. The international applicants will be interviewed over skype.

The test will be multiple choice questions (MCQ) based exam with maximum marks of 60, to be completed in 60 minutes and will be scheduled on the second Sunday, 9th June 2019. The test will have 40% weightage in the final merit list. The passing marks for the MCQ exam will be 24 out of 60 (40%). Based on the passing marks, the students will be called for an interview, scheduled during next day/subsequent days. The interview will have 60% weightage in the final merit list.
