MDP -Health Program Management

April 22-26, 2019

Program Directors:

Prof. Rajiv Misra (XLRI)
Dr. Haresh Chandwani (PHFI)

Venue:

XLRI Jamshedpur

Introduction:

The MDP on Health Program Management is designed and implemented by the joint efforts of PHFI and XLRI considering the dearth of trained healthcare professionals for effective and efficient health program management in the country. The aim of the program is to enhance the management skills of professionals in the field of public health and to equip them in utilizing various scientific and proven approaches in program planning and management. This will also provide the practical exposure needed to enhance the effectiveness of the professionals working with government, non-government and private institutions. This will be a 5 days residential management development program comprising of an interdisciplinary approach by blending theory and practical application in a problem-solving perspective.

ABOUT XLRI:

Xavier Labour Relations Institute

XLRI established in 1949, has continually focused on training future business leaders who can help shape the destiny of India with competence and commitment. XLRI is a pioneer in developing and offering short duration Management Development Program (MDPs) with a four-decade enviable standing in the committee of B-schools in India.
