## Public Health Foundation of India (PHFI)

PHFI is a public private partnership - a response to redress the limited institutional capacity in India by strengthening training, research and policy development in the area of Public Health.

## Training Division-PHFI

The training division of PHFI has been implementing various capacity building initiatives that aim to upgrade the knowledge, skills and core competencies of healthcare professionals in clinical conditions and various public health domains. National Health Mission, Government of Madhya Pradesh & Tripura have also made PHFI their skill building partner.

## Salient Features of the Capacity Building Programs

PAN India presence

On the job training
