MASTER OF HOSPITAL ADMINISTRATION (MHA)

About IIPHG

IIPHG was set up as a joint initiative of the Public Health Foundation of India (PHFI) and the Government of Gujarat in 2008. IIPHG has the distinction of being “India’s First Public Health University” established under IIPHG Act-2015 of Gujarat State. A leading institution in public health education, training, research, and advocacy in India, it has collaborations with national and international organisations of global repute. IIPHG engaged with various central and state government partners, multilateral organizations like the World Health Organization (WHO), and international academic partners from Germany, Sweden, Australia, and the United State of America. In addition, IIPHG has techno-business incubation centre and student’s innovations centre at its lush green 50 acres campus on the banks of river Sabarmati in Gandhinagar.

Faculty

The faculty members, holding advanced qualifications from esteemed national and international universities in disciplines such as hospital and healthcare management, social science, administration, finance, and medicine, are not only educators but active contributors to academic research, training, hospital administrations and healthcare practice. Engaging in externally funded research projects, they share their insights through publications, policy briefs, conference presentations, and consultations. Leveraging their extensive academic expertise, the faculty continually enhances the curriculum, educational resources, and classroom discussions. Additionally, IIPHG provides students with the opportunity to interact with national and international hospital administrators and specialists who contribute as visiting and adjunct faculty members.

Master of Hospital Administration (MHA) Program at IIPHG

The Master of Hospital Administration (MHA) is a comprehensive two-year, full-time program designed to groom adept hospital administrators for effective managerial roles in both public and private healthcare institutes. Our curriculum blends theories and practices in general management and hospital administration. The dynamic learning experience includes lectures, case discussions, practical exercises, hospital exposure visits, seminars, journal clubs, collaborative learning, group discussions, assignments, hands-on training, and internships, ensuring a holistic approach to healthcare leadership.

MHA Program Curriculum

- Introduction to Health Care and Hospital Industry
- Principles of Management
- Managerial Economics
- Organization Behaviour
- Financial Accounting and Management
- Statistics for Hospital Managers
- Hospital Managerial Computing
- Research Methods
- Communication for Hospital Managers
- Hospital Epidemiology
- Principles of Public Health
- Hospital Planning, Organization and Structure
- Health Economics & Outcomes Research
- Human Resource Management
- Marketing Management
- Hospital Management Information System
- Strategic Management
- Hospital Project and Operation Management
- Health Financing & Insurance
- Logistic Planning and Supply Chain Management

Unique Features of the MHA Program

- Strong grounding in Health & Hospital Domain
- Practice based teaching pedagogy using case study method and hospital visits
- Guest lectures by eminent expert from the hospital industry in India and abroad
- Inter-disciplinary approach
- Focus on transformative learning
- Exposure to workshops and conferences
- Focus on Innovation and entrepreneurship

Professional and Personal Development

- Professional Development Workshop
- Students Conclave
- Cultural Festivals
- Sports Events
- Competitions, Exhibitions, Celebrations, and hobby clubs

MASTER OF HOSPITAL ADMINISTRATION (MHA)

Placement

The MHA degree opens diverse career paths in health and hospital administration, contributing to the enhancement of public health and well-being. Graduates find opportunities in corporate, government, and trust hospitals, insurance companies, consulting firms, medical equipment suppliers, pharmaceutical companies, diagnostic laboratories, medical transcription companies, home-based care providers, medical tourism, and startups in the healthcare sector. Employment avenues also extend to multilateral and bilateral organizations, government departments, NGOs, academic and research institutions, and industry-supported foundations. Additionally, pursuing higher studies in hospital administration is a viable option post-MHA. Our placement cell ensures students find suitable placements after completing the program.
