FOREWORD

Dear Friends,

As we stand at the intersection of an evolving industrial landscape and a world grappling with the pressing realities of climate change, the importance of occupational safety and health (OSH) has never been more profound. Workplaces globally are facing unprecedented challenges—ranging from the disruptive impacts of technological advancements to the health risks exacerbated by environmental shifts. According to the International Labour Organization (ILO), over 2.3 million people globally succumb to work-related accidents or diseases every year. In this volatile environment, ensuring the safety, health, and well-being of workers is not just an operational necessity; it is a fundamental pillar for sustainable growth and societal resilience.

In India, this challenge is particularly pronounced. The vastness of our workforce, spanning both organized and unorganized sectors, presents unique complexities. Millions of workers across diverse industries—from manufacturing and agriculture to emerging sectors like technology—are exposed to varying degrees of risk. Rapid urbanization, industrialization, and climate-related phenomena such as extreme heat, pollution, and shifting weather patterns have further compounded the vulnerabilities faced by our workforce. The magnitude of this challenge calls for a concerted, multifaceted response that integrates best practices in safety with innovative, forward-thinking approaches tailored to India's specific needs.

Under the visionary leadership of our Honourable Prime Minister Shri. Narendra Modi Ji, the Government of India has recognized the critical importance of OSH in driving national progress. Through transformative policies and initiatives, the government has underscored its commitment to creating safe and healthy workplaces for all. From stringent safety regulations to the promotion of sustainable industrial practices, these efforts are laying the groundwork for a safer, more resilient workforce that can thrive in the face of both present and future challenges.

Aligned with this national imperative, the Society of Occupational Safety, Health & Environment Professionals (SOSHE) is emerging as a key force dedicated to revolutionizing the OSH landscape in India. With a mission to foster safety culture and promote sustainability, SOSHE is committed to addressing the most pressing OSH challenges through advocacy, capacity-building, and the promotion of global best practices. Our aim is to not only raise the bar on safety standards but to also drive a cultural shift in how we perceive and implement worker safety and health at every level of industry.

As part of our ongoing initiatives, SOSHECON, the annual flagship conference of SOSHE, stands as a pivotal platform for advancing this agenda. Bringing together policymakers, thought leaders, industry stalwarts, experts, and OSH practitioners, SOSHECON 2024 will explore the theme "Creating a Resilient Workplace: Sustainable Health and Safety Strategies for a Changing Climate." The conference will serve as a catalyst for knowledge-sharing, collaboration, and the development of actionable strategies that will shape the future of OSH in India and beyond, ensuring that we build not just healthy workplaces, but resilient communities that are equipped to meet the challenges of tomorrow.

Join us to delve into actionable insights, foster a shared vision & inspire a collective commitment to building a resilient and prosperous Viksit Bharat!

Regards,

Dr. Basanta Kumar Behera
President, SOSHE
Organising Chairman, SOSHECON 2024 &
Chief Medical Officer, NTPC Limited

**INVITATION TO INDIA'S FLAGSHIP MULTIDISCIPLINARY & CROSS SECTOR FORUM ON
OCCUPATIONAL SAFETY, HEALTH & ENVIRONMENT: SOSHECON 2024**

Dear Friends,

On behalf of the Society for Occupational Safety, Health & Environment Professionals, it gives us immense pleasure to invite you to the **SOSHECON-2024 to be held at Amaltas Hall, Yashobhoomi, IICC Dwarka, New Delhi from 06th - 07th December 2024.**

Occupational Health practice is a multi disciplinary and multi sectorial activity involving Occupational Health and Safety Professionals, Occupational Hygienists, Occupational Psychologists, Employers, Employees, their Representatives, HR Professionals, Environment Specialists & Ergonomists.

Safety, you will agree, has a direct link to productivity. In fact **SAFETY IS PRODUCTIVITY**. Synergy & synchronisation of occupational health, safety and environment is therefore the key to business growth.

SOSHECON 2024, NEW DELHI will allow Occupational Health professionals to gain, update their knowledge & exchange information regarding employee safety, ergonomics, industrial hygiene & Occupational Health. This academic fiesta comprising of workshops & main conference will offer an excellent platform to exchange ideas through cutting edge sessions. We are planning to invite the best in their fields as faculties and will surpass all in covering as many relevant topics as possible.

Do block the dates on your calenders and look forward to making the most in learning, meeting colleagues and making new friends.

We look forward to welcoming you at New Delhi.

Regards,

Dr. Saransh Raja
Honorary Secretary, SOSHE
Organising Secretary, SOSHECON 2024 &
Senior Medical Officer, NTPC Limited

SOSHECON-2024

The Governing Council of the Society for Occupational Safety, Health & Environment Professionals is pleased to announce the inaugural edition of **SOSHECON 2024** scheduled to be held during **06th - 07th December 2024 at Amaltas Hall, Yashobhoomi, IIC Dwarka, New Delhi.**

As India's flagship multidisciplinary & cross sector forum on Occupational Safety, Health & Environment (**SOSHECON-2024**) will bring together policy makers, thought leaders, industry titans, international experts, management representatives, health, safety, security, environment, wellness & associated professionals from the wide spectrum of the national, regional & global industries.

Themed "**Creating a Resilient Workplace: Sustainable Health and Safety Strategies for a Changing Climate**" SOSHECON-2024 would underpin the need for integration & synergy of occupational health with other key aspects of business continuity planning, Environmental, Social and Governance (ESG) including but not limited to safety, security, emergency preparedness, disaster management, ergonomics, hygiene, wellness, gender equality, organization culture, noise, and air pollution etc.

VISION

The Society for Occupational Safety, Health, and Environmental Professionals (SOSHE) envisions a world where workplaces and communities prioritize the health, safety, and well-being of individuals and the environment. The vision of SOSHE encompasses several **key elements: Safe Workplaces, Healthy Workforce, Environmental Stewardship, Professional Excellence.**

Overall, the vision of SOSHE is to create a world where individuals can work and live in environments that are safe, healthy, and sustainable. By advocating for policies and practices that prioritize occupational safety, health, and environmental protection, SOSHE seeks to improve the well-being of workers, communities, and the planet as a whole.

MISSION

The mission of the Society for Occupational Safety Health and Environmental Professionals (SOSHE) is to promote and advance the fields of occupational safety, health, and environmental management. SOSHE is committed to enhancing workplace safety, protecting the health and well-being of workers and safeguarding the environment through education, advocacy and professional development. **Key components of SOSHE's mission include: Education and Training, Advocacy and Policy, Professional Development, Research and Innovation.**

Overall, the mission of SOSHE is to serve as a leading organization in the field of occupational safety, health, and environmental management, driving progress towards safer workplaces, healthier communities, and a sustainable future.

THEME:

"Creating a Resilient Workplace: Sustainable Health and Safety Strategies for a Changing Climate"

SESSION THEMES:

- ⊞ WHO Healthy Workplace Model & it's Various Constituents
- ⊞ Climate Change and Public Health
- ⊞ Caring for Women Health in Different Decades of Life
- ⊞ Leadership Commitment & Leadership Involvement For an Effective Workplace Health Program
- ⊞ Sustainable Healthcare Systems
- ⊞ Prevention & Management of Occupational Cancers Especially in Context of Head & Neck, Breast, Lung, Liver, Gastrointestinal, Renal, Uterine, Cervical, Prostate And Anorectal Cancers
- ⊞ Health Equity and Climate Justice
- ⊞ Benchmark CSR Health Projects of PSU's & Corporates
- ⊞ Environmental Health and Pollution
- ⊞ Use of Data Analytics & Next Gen AI Integrated OH Management
- ⊞ Sharing of Industrial Best Practices For Workplace Health
- ⊞ Nutrition and Food Security
- ⊞ Addressing OHH of Workers in Hazardous & Manufacturing Industry
- ⊞ Technological Innovations for Climate and Health
- ⊞ The Future of Work: Emerging Risks and opportunities For Health and Well-Being

- ⊞ Cardiac Rhythm Disorders-When Do I Think of an Electrophysiologist
- ⊞ Flexible Working & Remote Working - The Emerging New Frontiers
- ⊞ Adult Immunization
- ⊞ Policy and Governance
- ⊞ Chemical Disasters and Role of Toxicology in Management of Acute and Chronic Poisoning
- ⊞ Importance of Vision at Work in Industries
- ⊞ Ergonomics & Role of Physiotherapy Services in Industrial Setup
- ⊞ Role of Employee Assistance Programs for Psychosocial Support of Workforce
- ⊞ Roadmap to TB Free Workplaces by 2025
- ⊞ EMS for Safe Evacuation of Casualties in Industrial Accidents
- ⊞ Education and Awareness
- ⊞ Wellness/Wellbeing at workplace
- ⊞ Environmental Social Governance (ESG)

CONFERENCE AGENDA DAY- 1

Time	Session Details	Session Theme	DAY- 1
0900-1000 Hrs		REGISTRATION	
1000-1115 Hrs		INAUGURAL SESSION	
	<p>In today's rapidly evolving world, the interplay between climate change and workplace health and safety has become increasingly critical. This inaugural session will explore the urgent need for organizations to adopt sustainable health and safety strategies that not only protect their workforce but also enhance resilience in the face of climate-related challenges. As industries navigate the impacts of extreme weather events, shifting regulatory landscapes, and evolving worker expectations, it is essential to implement proactive measures that prioritize both employee well-being and environmental sustainability. Thought Leaders from will share their exclusive insights on best practices, innovative approaches, and collaborative solutions that can be leveraged to create resilient workplaces. Delve into the strategies that can transform challenges into opportunities, fostering a culture of safety and sustainability that prepares organizations for the future. Together, we will chart a path toward healthier, more adaptive work environments that thrive amidst change.</p>		
1115-1145 Hrs		REFRESHMENTS BREAK	
1145-1300 Hrs	Opening Plenary: "Bridging the Gap: Integrating Climate Action and Workplace Health for a Resilient Future"		
	<p>The Opening Plenary would highlight the intersection of climate change and occupational health, emphasizing the need for integrated strategies to ensure workplace resilience. It sets the tone for the conference by addressing the urgent impact of climate change on worker health, safety, and overall workplace sustainability, while also offering a platform to discuss solutions that balance environmental sustainability with human well-being in the workplace. The session would focus on how climate action can be harmonized with OSH goals, aligning industry practices with global sustainability targets like the UN's SDGs, and fostering healthier, more adaptive workplaces in the face of climate change.</p>		
1300-1400 Hrs		NETWORKING LUNCH	
1400-1515 Hrs	Industry Plenary : "Culture of Prevention: Shaping Workplace Safety through Lifestyle and Values"		
	<p>The Industry Plenary would highlight the critical connection between lifestyle choices, organizational culture, and proactive safety practices. It emphasizes how fostering a preventive mindset within workplaces - by promoting healthy lifestyles, reinforcing safety-conscious behavior, and embedding OSH into organizational values - can reduce risks and improve overall well-being. The session would explore how industry leaders can influence workplace culture to prioritize prevention, creating a resilient workforce equipped to handle both current and emerging occupational hazards.</p>		
1515-1545 Hrs		REFRESHMENTS BREAK	
1545-1700 Hrs	Leadership Panel - I : "Harnessing Digitalization and AI: Transforming OSH for the Future Workplace"		
	<p>The session would focus on the pivotal role of digital technologies and AI in revolutionizing occupational safety and health (OSH). It emphasizes how leadership can drive the adoption of AI and digital tools to enhance safety protocols, predict risks, streamline processes, and create smarter, safer workplaces. The discussion would explore challenges, opportunities, and the future impact of digital transformation on OSH practices across industries.</p>		
1700-1815 Hrs	Leadership Panel - II: "Mental Health Matters: Cultivating Wellness and Resilience in the Workplace"		
	<p>The session would emphasize the importance of mental health in occupational settings, focusing on strategies to foster a culture of wellness and resilience among employees. The discussion would explore best practices, leadership approaches, and innovative programs that promote mental well-being and support workers in navigating challenges, ultimately enhancing productivity and job satisfaction.</p>		
1830-1900 Hrs		SOSHE AWARDS	
1900 Hrs Onwards	SOSHECON GALA EVENING & NETWORKING RECEPTION		
END OF DAY I			

CONFERENCE AGENDA DAY- 2

Time	Session Details	Session Theme	DAY- 2
0900-1000 Hrs	Applied OSH Research and Practice Session - I		
<p>The "Applied OSH Research and Practice Session - I " aims to bridge the gap between theoretical advancements and practical applications in occupational safety and health. This scientific session will feature presentations from leading experts and practitioners who will share their insights on cutting-edge research, innovative methodologies, and real-world case studies that illustrate the implementation of best practices in OSH.</p>			
1000-1115 Hrs	Leadership Panel - III : "From Prevention to Care: Holistic & Proactive Approaches for Management of Occupational Diseases"		
<p>The session would emphasize the importance of a comprehensive strategy in addressing occupational diseases, focusing on prevention, early intervention, and ongoing care. It encourages a collaborative dialogue among leaders, health professionals, and policymakers on integrating holistic practices that prioritize worker health and safety. The discussion will explore innovative solutions, best practices, and frameworks that can effectively mitigate risks and enhance the overall well-being of the workforce. By adopting a proactive approach, organizations can better protect their employees and foster a culture of health within the workplace.</p>			
1115-1145 Hrs	REFRESHMENTS BREAK		
1145-1300 Hrs	Leadership Panel IV : Strategic Insights: Driving Operational Safety Excellence in Dynamic Environments		
<p>This leadership panel will explore the critical importance of operational safety in the context of rapidly changing work environments. As industries evolve due to technological advancements, shifting regulations, and dynamic market conditions, organizations must adopt strategic approaches to ensure safety excellence. The panel will feature industry leaders and experts who will share their insights on best practices, innovative strategies, and the role of leadership in fostering a culture of safety. Discussions will center on how to effectively identify and mitigate risks, leverage data for informed decision-making, and implement robust safety management systems that can adapt to change. By emphasizing collaboration and continuous improvement, this session aims to equip participants with the tools and knowledge needed to enhance operational safety and protect their workforce in today's complex landscape.</p>			
1300-1400 Hrs	NETWORKING LUNCH		
1400-1500 Hrs	Applied OSH Research and Practice Session - II		
<p>The Applied OSH Research and Practice Session aims to bridge the gap between theoretical advancements and practical applications in occupational safety and health. This scientific session will feature presentations from leading experts and practitioners who will share their insights on cutting-edge research, innovative methodologies, and real-world case studies that illustrate the implementation of best practices in OSH.</p>			
1500-1530 Hrs	REFRESHMENTS BREAK		
1530-1645 Hrs	Closing Plenary: OSH Excellence Pathways: Reflections and Commitments for a Viksit Bharat		
<p>The closing plenary would focus on the strategic pathways towards achieving excellence in occupational safety and health as India aims for a developed future by 2047. The session will provide a platform for leaders and stakeholders to reflect on past achievements, share lessons learned, and discuss innovative strategies for enhancing OSH standards. Participants will explore their commitments to fostering safe and healthy work environments, emphasizing the collaborative efforts required to drive progress. By highlighting actionable insights and fostering a shared vision, this plenary aims to inspire a collective commitment to building a resilient and prosperous Viksit Bharat.</p>			
Professional Development Workshops			
1400-1530 Hrs	Workshop on Heatwave and It's Preparedness for Industrial Workforce		Kesar Hall 2 nd Floor
1530-1645 Hrs	Workshop on AI in Safety and Health		Kesar Hall 2 nd Floor
END OF DAY 2			

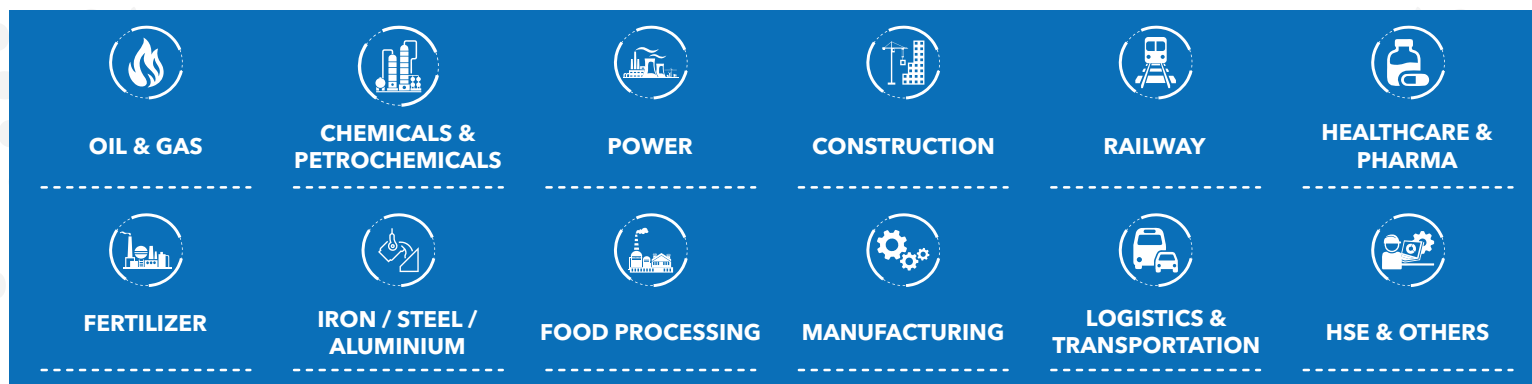

PARTICIPANTS & INVITEES

SOSHECON-2024 is designed for **Occupational Health Leaders, Managers & Executives** Including:

- Occupational Health Physicians
- Occupational Safety and Health professionals such as safety engineers safety technicians etc.
- Public and private OSH organisations
- Occupational Hygienists scientist
- Occupational Health Consultants
- Manufacturers and importers of safety materials and safety equipments
- Labour inspectors and safety and health inspectors
- Experts in communication and public relations
- Instructors, trainers and teachers in the field of OSH education
- Environmental Engineers/ Scientists/ Air Pollution Experts
- Agriculture Scientist
- Cardiology
- Otolaryngologists
- Oncologists
- Urologists
- Physiotherapists
- Psychiatrists
- Opthamologists
- Pulmonologists
- Personal Protective Equipment (PPE) Manufacturers
- Orthopaedics & many more.....

ATTENDEES BY INDUSTRY PROFILE

CONFERENCE REGISTRATION

Making face-to-face connections with policy makers, regulators, OHS leaders, key influencers, new market entrants and the global health industry is one of the key benefits of attending India's flagship event on **Occupational Safety, Health & Environment**

DELEGATE CATEGORY	REGISTRATION CHARGES*
SOSHE Members	INR 5,000
Non SOSHE Members (Regular)	INR 7,500
Non SOSHE Members (Privilege) Delegate interested in availing the benefit of SOSHE Membership Fees, One Year Subscription Fee & Delegate Registration Charges Can Pay a Consolidated Fees of	INR 9,900
Accompanying Person	INR 5,000
PG Student**	INR 5,000
International Delegate	USD 450
Professional Development Workshops (PDW) on 07th November 2024 Only those who have registered as a Delegate will be able to enroll for the PDW*	INR 1,770/ USD 50 (Per PDW)*
PDW 1: Heatwave and It's Preparedness for Industrial Workforce	
PDW 2: AI in Safety and Health	

** Note: College HOD Certificate is Mandatory

* Note: Inclusive of 18% GST

GROUP DISCOUNT: 5% on 3-5 Registrations | 10% on 6 or above Registrations

PARTNERSHIP & EXHIBITION OPPORTUNITY

The conference provides a host of sponsorship, branding, advertising & exhibition opportunities suited to meet your brand objectives. From thought leadership positioning, networking opportunities, high visibility branding campaigns to showcasing your product, technologies or services at the concurrent expo., Join us to maximize high returns on your investments & be at the forefront of the Occupational Safety, Health & Environment industry.

THE SOSHE AWARDS

The SOSHE Awards celebrate outstanding achievements and leadership in Occupational Health, Safety, and Sustainability. These prestigious awards recognize individuals and organizations that have made significant contributions to advancing workplace safety, promoting employee well-being, and driving sustainable practices in their industries. Honorees of the SOSHE Awards are acknowledged for their innovative approaches, commitment to fostering safe and healthy work environments, and dedication to sustainability. By highlighting those who lead the charge in Occupational Health, Safety, and Sustainability, these awards inspire others to raise the bar in creating safer, healthier, and more sustainable workplaces. Join us in honoring the leaders who are driving positive change and shaping a safer, healthier, and more sustainable future. Be part of this transformative journey with SOSHECON.

ABOUT THE VENUE

IICC (India International Convention & Expo Centre)

Located in Dwarka, New Delhi, Yashobhoomi, IICC is India's largest convention and exhibition centre.

IICC offers a mixed purpose tourism experience with the best location, convenient transportation, as well as various commercial facilities.

The IICC (India International Convention & Expo Centre) is smart city project being driven by Government of India. With a total indoor area of 300,000m², IICC will be India's largest convention and exhibition complex when completed.

IICC is located 10 km from Delhi International Airport, with the surrounding area home to a sports complex, diplomatic residences, a golf course and the airport city hotel. It is 25 km from the city centre of New Delhi, but is in the best geographical location with no traffic.

ABOUT DELHI

Overview

Delhi, the capital of India, is a bustling metropolis that embodies a unique blend of history and modernity. With a population exceeding 20 million, it stands as one of the largest cities in the world and serves as a central hub for politics, culture, and commerce in India.

Delhi is a city of contrasts, where the ancient coexists with the modern. Its rich history, cultural vibrancy, and ongoing development make it a fascinating place, full of opportunities and experiences for anyone who visits or lives there.

BEST ACCOMMODATION

Upon completion of Phase 2, visitors will be able to find 3,500 hotel rooms within walking distance inside the ICC complex. 3,633 rooms in Aerocity, 1,357 rooms around Aerocity and 1,473 rooms in Gurgaon are also available within 10-15 minute driving distance. ICC partnership prices and a free shuttle bus service from the hotel to the venue will be available.
